

Baby Shower Hangman

Instructions: Write a baby Word using dashes. E.g. Bedding would be 7 dashes like

this _ _ _ _ _

Correct letters gets no penalty but if you guess an incorrect letter such as W then you draw a body part starting with the head on the noose, then draw the middle part, then each hand and each wrist then each leg and the toes. So if each team guesses 10 incorrect letters they hang and they lose the game.

To play in teams write the word to fill in at the top of the poster board then draw 2 nooses one for each team. The team that completes the word first without being hanged wins.

Below is an example of how the hangman is drawn.
